Re: Call to Action: Time Sensitive Legislation

---

**Call to Action:** ARPA matching funds, homestead exemption reimbursement, rural fire truck funding, and other important funding bills that impact Mississippi counties are all in conference committees for negotiations between the House and Senate. The survival of these bills and the level of funding depends on successful negotiations within the next several days. We encourage all our MAS members to call on your House and Senate members and explain the importance of the passage of these bills and how your county is depending on these funding measures.

Please join us this **Friday, March 18 at 10:30 a.m.** for our weekly legislative zoom call. This zoom call is very important. We will be discussing time sensitive legislation.
