## The Mississippi Association of Supervisors

The Mississippi Association of Supervisors is a non-profit, educational support facility for Mississippi's 82 counties. Since its inception in 1928, MAS has been committed to the improvement of county government across our state, keeping in line with its foremost mission - "to bring into favorable notice the opportunities and resources of the various counties." By fostering an exchange of ideas among the counties, MAS members have been instrumental in implementing efficient and effective grassroots government that serves the general welfare not only of the counties themselves, but of the entire state. We welcome you to find out who the people are that make county government - and our organization - thrive.
