MEMORANDUM

To: **MAS Membership**

From: **Derrick Surrette/ Executive Director**

Date: **4/11/2017**

Re: **Special Legislative Session**

It has been publicly disclosed that there is a strong possibility Governor Phil Bryant will call a Special Legislative Session. We know the Mississippi Department of Transportation, and the Office of State Aid Road Construction did not have their budgets finalized during the 2017 Regular Legislative Session. In addition, "NO" legislative measure was passed to provide funding for long-term transportation funding or short-term transportation funding, including the Local System Bridge Program (LSBP). With that being stated, MAS has mailed out "form letters" to all 82 counties for each county board to sign in support of local infrastructure funding.

Once you fill out your form letter, please mail it back to the MAS office and MAS will collect each letter and deliver them to Governor Bryant's Office.

We appreciate everyone's help and cooperation in this effort.
